Happy New Year to all!

Attached is the next version (one redlined and one not) of the policy as per our discussion on Dec. 12th. This document should be close to final unless there are any other concerns.

Please let me know if you have any comments as soon as possible. Thanks!

Regards,**Yo**

-----Original Appointment-----

Hello, Mr. Berry. During our last visit at the BLM, you requested a copy of the latest water line policy. I have attached it to this email and you will get a copy in the mail. Thanks.

Regards,

Yolanda

The BLM approval/acceptance does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to

reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.
